## In Memoriam.

*Resolved*, By the death of our beloved Honorary President, Reverend Dr. Clinton Locke, St. Luke's Hospital loses its most faithful, devoted friend. Through all the changes and trials of its history, the founder of this Hospital was constant in the firm belief that the Hospital would continue to live and grow in its power to give aid to the sick and suffering.

We are thankful for the memory that remains to us of the courageous, genial and benevolent spirit which actuated our founder, and we cherish among our most prized possessions the loving kindness which he so constantly manifested to us.

This Hospital is only one of the monuments to the self-sacrificing labors of this faithful servant of God. In his lifetime it has grown from weak and insignificant beginnings to a large place in the charitable work of a great city. Let us hope that we may be able to carry to a larger and more useful development the work which he so wisely founded and cherished.

*Resolved*, That a copy of this resolution be sent to Dr. Locke's family and that it be printed in the Annual Report.

# Forty-first Annual Report of the Trustees of St. Luke's Hospital.

Fiscal year ending September 30, 1904.

The Board of Trustees presents its annual report with deep acknowledgment to generous workers and givers for co-operation and assistance.

The business of the Hospital grows steadily, and the improvement of the buildings and equipment has made it possible to respond in some measure to the requirements.

The demand for better hospital conditions is becoming more and more urgently apparent. The best accommodations are in the greatest demand. All private rooms are occupied and more are needed. For months last winter the Hospital was compelled to refuse to accept patients because it had not the kind of rooms the cases required. This is true of people in all circumstances. Every one who can at all afford it will gladly pay for greater privacy, and the tendency of the demand is strongly for smaller wards and better private rooms.

Hospital management in certain branches is conducting a hotel for the sick. Hotel construction in the United States has greatly improved during the last twenty years. It is reasonable that a public, accustomed to a high class of accommodations when they are in good health, should expect and be willing to pay for at least as good conditions when they are ill.

Hospital buildings have not improved, during the period mentioned, in the same degree as hotels. This is plainly true of Chicago. It is equally apparent that the demand should

be met, and that this Hospital should do it. We have a central location, convenient to physicians, patients and their friends. The Michigan avenue property of the Hospital is available. We have the working departments already provided on Indiana avenue. All that is necessary is a modern building for patients on Michigan avenue, which would certainly receive a large and profitable patronage. It is fair to believe that such a building, when entirely paid for, would furnish a sufficient income to allow the trustees to devote the present buildings to free work. An earnest and concentrated effort to erect this building should be made by all interested in St. Luke's Hospital.

The increased work described in the Superintendent's report has made it necessary to increase the number of nurses in the Training School. For this purpose one apartment in the Saranac has been taken. The furniture for this extension of the school was supplied by the Women's Board from the Charity Ball money. The Training School building was constructed so that an additional story could be added. It is desirable that the funds to build this story should be obtained.

The Women's Board has again added to our debt of gratitude by carrying out successfully the Charity Ball given December 15th, 1903. The net receipts were \$18,428.78. Few not actually engaged realize the great labor and self-sacrifice the successful management of such an enterprise involves.

The ladies devoted \$17,000 of the Charity Ball fund toward the purchase of forty feet of land south of and adjoining the Saranac Building, on Michigan Avenue. The unpaid balance on this land is \$2,300.

The Emergency Committee of the Women's Board completely refitted and refurnished the Examining Room.

This room is in constant use. The importance of first impressions makes it very desirable that this room should be, as it now is, convenient, appropriate and pleasing.

Mr. Byron L. Smith refurnished the Solomon A. Smith Ward, making it efficient and complete in every detail.

Mr. John A. Spoor supplied the means of providing a Surgeons' dressing room adjoining the amphitheatre.

Mrs. Ogden Armour, in addition to her labors as Chairman of the Entertainment Committee which managed the Charity Ball, gave an entertainment for the patients on Christmas Day, which gave great pleasure to those compelled to spend the joyful festival in a hospital. Mrs. Armour continued to show her generosity and interest throughout the year by contributing to the surgical and other furnishing of the house.

The Linen Committee, in addition to their very successful regular work, held a Bazaar in December which realized the astonishing net result of \$6,700.

Mrs. George M. Pullman, who never refuses to help the Hospital, gave the use of her house for the Bazaar.

We have notice that the estate of Hiram Kelly will pay his generous legacy of \$15,000, to be devoted to endowment, and that Mrs. Harriet McVicker has, by will, left \$10,000 to the Hospital.

## Superintendent's Report.

To the Board of Trustees:

*Gentlemen :*

I beg to submit the following report of the work of the Hospital during the past year :

Our statistics show that the in-patient work has increased eight per cent over last year, and last year showed a like increase over the last previous year. In this connection a comparison of the work of the Institution five years ago compared to the year just ended may be of interest.

Patients treated in 1898-'99.....	2,070	✓
Patients treated in 1903-'04.....	3,050	
Increase 47 per cent.		
Patient days in 1898-'99.....	36,558	
Patient days in 1903-'04.....	52,492	
Increase 43 per cent.		

This increase has been divided between free and pay in-patients on the basis of thirty-five per cent free. There has, however, been no increase in the charitable contributions which are available for current operating expenses. The added free work has been made possible by the increased earnings of the Hospital proper, and of the real estate which constitutes the major part of the endowment. All of the considerable sums which the Hospital has received during the past five years have been applied to endowment, improvements to the plant and to the reduction of the old indebtedness, which, in the form of a mortgage on the Hospital property, has been reduced from \$50,000 to \$22,500. There is no floating indebtedness.

The demand for nurses to care for the growing number

of patients had outrun the capacity of the Training School and during the past year \$2,391.27 was expended for graduate nursing. As the dormitory accommodations of the Training School building do not admit of a larger number of pupils, a portion of the "Saranac" was fitted for their occupancy and the normal number of nurses in the School is now sixty.

It was also necessary, in order to maintain an efficient service, to add three internes to the Clinical Staff and one to the Laboratory Staff.

The gross expenses show the effect of higher prices of food and medical and surgical supplies, but the cost per patient day is only one-tenth of a cent more than last year. The cost of uncooked food per person per day has advanced two-tenths of a cent. The cost of drugs and medical and surgical supplies is increasing every year because of the new and expensive drugs and appliances which are coming into use and which it is necessary for us to supply in order that we may offer patients every facility for securing the best results. Expenditures of this kind, however, bring their own reward in stimulating the demand for private accommodations.

During the past winter and spring the demand for private rooms was far in excess of our capacity. The private wards were much overcrowded and many patients were turned away for lack of room. It was noticeable that the greatest shortage was in the better class of rooms. This question is becoming more perplexing every year and aside from the financial aspect of the matter it is probable that more dissatisfaction arises with both physicians and patients from our inability to furnish accommodations desired, than from any other cause.

The physical condition of the Hospital property again shows improvement over any previous year.

The Solomon A. Smith ward, the maternity ward of the Hospital, has been completely renovated and refitted and it is now the best equipped ward in the Institution. This was made possible by the generosity of Mr. Byron L. Smith.

A room for the preliminary examination of patients was fitted and furnished by the Emergency Committee of the Woman's Board.

A Surgeon's Room in connection with the operating rooms is the gift of Mr. John A. Spoor.

The details of the year's work and expenses may be found in the statistical tables which follow.

I desire to express on behalf of the Hospital its appreciation of the gratuitous services rendered by Messrs. Jones, Caesar, Dickinson, Wilmot & Company, in making an exhaustive examination of the financial condition of the institution.

Very respectfully,

LOUIS R. CURTIS,  
*Superintendent.*

*Mr. L. R. Curtis, Superintendent of St. Luke's Hospital:*

DEAR SIR:—I herewith beg to render you the 20th Annual Report of the Training School for Nurses, for the year ending September 30, 1904:

The general health of the school has been good, there not having been a case of serious illness among the nurses since our last report, and we are to be congratulated upon the close and willing attention they have given their duties and studies. The tuition of the nurses has comprised the usual courses of lectures, classes in practical work, weekly quizzes in materia medica and anatomy. Instruction in urinalysis, (facilitated by the complete Training School laboratory) and Mrs. Osbalderson's course of massage to the Senior Class.

During the past year it was the privilege of Senior Class members to not only make rounds with district nurses, but to in turn have complete charge of a district for a day, which gave them an excellent idea of that branch of work; and also of the surgical nurses to assist at the dental clinic held weekly in the Tremont Building. Having a special pupil in charge of the Ophthalmic Department for a term of three months, including the instruction of ward nurses, has proved so satisfactory that it was continued this year with equally gratifying results.

Miss Frances H. Horton, of the School of Domestic Arts and Science, has been engaged to give the Intermediate Class a course of Dietetics for normal cases, during the coming winter, while members of the Hospital Staff will lecture on the same for pathological cases, and instructions in the practical work will be given, as heretofore, in the Diet Kitchen.

One of the Saranac flats has been furnished for probationers; the school can now be increased to sixty pupils.

Our in-door uniform material was changed on May 8th, and we are pleased to notice that it is being rapidly adopted by the graduate nurses.

The following are some of the appointments of our nurses to institutional positions during the past year :

Miss H. Balcom, '94, Ass't Supt. Rochester City Hospital, N. Y.

Miss A. Gags, '97, Supt. Polyclinic Hospital, Chicago.

Miss B. Wilkinson, '98, Supt. University Hospital, Iowa City, Ia.

Miss Marian Fidler, '04, Ass't Supt. University Hospital, Iowa City, Ia.

Miss F. L. Warren, '99, Supt. Union Hospital, Terre Haute, Ind.

Miss E. Stewart, '98, Supt. Galesburg Hospital, Galesburg, Ill.

Miss B. Daniels, '03, Ass't Supt. Galesburg Hospital, Galesburg, Ill.

Miss B. Neff, '04, in charge of Lincoln Sanitarium, Lincoln, Neb.

Miss G. Phillpotts, '92, Ass't Supt. Englewood Union Hospital, Chicago.

On Miss Van Kirk's resignation as surgical nurse, Miss Martin, '04, was offered and accepted the position.

Through the energy and generosity of the library committee the nurses have been furnished with an excellent reference library. The efficiency of the members of the school is in no small degree due to the lectures and untiring co-operation of the Hospital Staff and visiting physicians and surgeons, and Dr. H. W. Cheney is again entitled to especial thanks for his faithful medical attendance on the nurses.

Respectfully submitted,

M. E. JOHNSTONE,

Directress of the Training School.

## Dispensary.

This department is conducted for the benefit of those who are able to come and go and are unable to pay for adequate private treatment. The service is free except that those who can do so are expected to pay a nominal sum for the medicine which they carry away with them. When circumstances permit, patients whose condition requires in-door treatment, are admitted to the wards of the Hospital.

Free patients who require attention after their discharge from the wards, are referred to the Dispensary.

The days and hours for the treatment of the various classes of patients are as follows :

Surgical cases	Every week day from 1 to 2 P. M.
Medical cases	" " " " 1 to 2 P. M.
Gynecological cases	" " " " 1 to 2 P. M.
Eye and Ear cases	Tuesday, Thursday and Saturday. 1 to 2 P. M.

## Chaplain's Report.

*To the Board of Trustees, St. Luke's Hospital, Chicago.*

GENTLEMEN: Since my last report, he who was for so many years Honorary Chaplain of St. Luke's, our beloved Doctor Locke, has fallen asleep in Jesus.

It was my privilege to minister to him during much of the latter period of his life. The last service attended by him in Chicago was a celebration of the Holy Communion in our chapel, a sacred place so dear to him. During those last weeks I was made to realize as never before the exceeding depth of his spiritual nature. Very dear to his heart was the spiritual side of the hospital work. He fostered it in a manner that should make it as enduring as the very institution itself. Though absent from us in the body, we feel that he is ever near us in spirit. So must we be inspired to higher ideals in the spiritual life. May he rest in peace and may light perpetual shine upon him.

The daily service in the chapel and ministrations in the wards and to patients in private rooms has been continued without any unusual interruptions. Each succeeding year gives additional evidence of the importance and blessing of the chaplain's work. To a larger extent than heretofore have I been able to follow up patients after their discharge, thereby promoting the development of the good seed sown during the period of hospital treatment.

I have officiated at eleven baptisms, two marriages and nine burials during the year.

We are under great obligations to the Union League Club, the Chicago Club and to numerous individuals for contributions to the library which is under my charge. There is still need of well chosen books for the use of the patients. Even as it is, the library is the source of much comfort and profit to the patients.

Respectfully submitted,

GEORGE DEMING WRIGHT,

*Chaplain.*

## **... RULES ...**

---

### **AS TO ROOMS, BEDS AND ENDOWMENTS,**

SUBJECT TO THE RULES GOVERNING THE  
ADMISSION OF PATIENTS TO THE HOSPITAL

---

1. A donation of \$10,000 endows a private room in perpetuity, and the endower shall have the privilege of naming the room.

2. A donation of \$5,000 endows a bed in an open-ward in perpetuity.

3. A donation of \$300 supports a bed in an open ward for one year.

4. A donation of \$3,000 endows a bed in an open ward during the life-time of the donor.

5. Any room not endowed may be granted by the Trustees to the endower of a bed during his life-time, and he may, during that period, enjoy all the privileges accruing in perpetuity from the endowment of the room, in addition to the perpetual privileges accruing from the endowment of a bed. An additional endowment of \$5,000, at any time, shall endow said room in perpetuity.

6. Any room, not endowed and not granted as provided in Section 4, may be granted by the Trustees, to the supporter of a bed, and he may, during the year in which he supports the bed, enjoy the privileges accruing in perpetuity from the endowment of a room, subject to termination at the close of any year.

7. No ward, or other division of the Hospital, shall be named without action of the Trustees.

**Note.**—The endowment of a bed entitles the endower to nominate one patient at a time to an open ward bed free of charge at any time when there is such a bed vacant, and, if all the beds are filled, to the preference over other applicants when a bed becomes vacant.

If an endower desires any service from the Hospital in excess of that furnished the open wards, a bill will be rendered at current rates, and the current ward charge, which is at present \$8.00 per week, will be credited to the endower on the bill.

The endower of a bed in perpetuity has the right to name a successor, which right to name a successor shall belong to each successor. If an endower or his successor fails to name a successor it will be deemed to lodge the right in the Trustees of the Hospital, who will thereafter exercise the right of nomination to the endowed bed.

**THE PERSONS NOMINATED TO FREE BEDS SHOULD BE  
WORTHY SUBJECTS FOR SUCH CHARITY.**

## Report of Committee on Linen.

The Committee on Linen takes great pleasure in reporting to the Board of Trustees a very active and successful year. The splendid total of 9,840 articles of linen, 1,800 more than the Hospital's requirements, as stated in Mr. Curtis' and Miss Johnstone's lists, more than repays every member of the Committee for her energetic work. This fine result has been made possible only through the great success of the Bazaar held at Mrs. Pullman's last December, netting the Committee about \$6,700. The hearty and sincere thanks and appreciation of every member of the Committee is extended to Mrs. John Crerar, Chairman of our Entertainment Committee, for her untiring and splendid work, and to all of the women who assisted her.

The Committee on Linen has realized this year, for the first time, its own aim and ideal :—to supply the Hospital and Training School with all needed linen. The fact that this result has not been possible through the parishes alone is a source of deep regret, and we can only hope that another year will see a notable increase in the parish donations and fewer purchases by the Committee itself.

Those who are interested in a detailed report of the Committee's work in the diocese are referred to the Fifth Annual Report of the Committee on Linen to be published immediately.

To all my co-workers who have made this fine result possible, the members of the Committee, our delegates, the guilds and branches of the Woman's Auxiliary, and to the clergy, for their influence and sympathy, sincere thanks are extended.

Respectfully submitted,

MARY L. NEWBERRY,  
*Chairman.*

## Report of the Entertainment Committee.

The Entertainment Committee has conducted its work on about the same lines as last year's and has met with the same generous response. A Charity Ball was given in the Auditorium December the fifteenth which produced net receipts of \$18,428.78. Of this sum \$17,000, together with \$7,000 of the residue of the receipts of the "Fete of All Nations" was applied on the purchase of a lot with forty feet of Michigan avenue frontage, adjoining the apartment building on the south. This is intended to be used as a part of the site of the prospective new building.

A portion of the receipts of the Charity Ball, \$1,000, was expended in fitting up a part of the "Saranac" for the occupancy of pupil nurses. This was important as the Training School building does not accommodate a sufficient number to meet the growing demands of the Hospital.

A Christmas entertainment consisting of music and vaudeville was again given in St. Charles Ward, for the benefit of the inmates of Hospital. The audience included all the patients who were able to attend, and the interest and appreciation manifested fully justified the trouble and expense. The entertainment will be repeated next Christmas.

The following is a statement of the receipts and expenses of the Charity Ball:

## Report of the Visiting Committee.

The Visiting Committee of St. Luke's Hospital, comprising some ten members with a sub-committee of the fifty members of the Board, have visited the Hospital regularly once a week, taking with them interested friends. Various donations of fruit, flowers and clothing have been received through this source and by coming in personal contact with the work going on, many have become permanently interested.

Every Wednesday is Visitors' Day, the hours being from three to five P. M. Tea is served if desired at four o'clock. All those in any way interested in the Hospital work are most cordially invited to visit the Hospital on Visitors' Day when some one of the committee will be present to conduct them over the buildings.

ELIZABETH H. TRACY,  
*Chairman of Visiting Committee.*

## Report of the Library Committee.

It is the hope of the Committee to gradually accumulate a comprehensive reference library for the use of the nurses and thus far about eighty volumes of this class have been contributed or purchased. Constant additions will be required if the branch of the library is to include any considerable portion of the suitable medical and nursing literature of the day. The room occupied by this library has been refurnished and now presents an attractive and comfortable appearance.

The Hospital Library for patients is fairly well stocked with books of the kind which interest patients, but books in use among patients are short lived and contributions of current books and subscriptions for magazines would be greatly appreciated.

The following is a list of the purchases and contributions of the past year :

For the Training School Library : "Care and Feeding of Children," Holt; "Massage, The Swedish Movements," Ostrom; "Hygiene of the Sick Room," Canfield; "Practical Dietetics," Thompson; "Textbook of Nursing," Weeks; "Prompt Aid to the Injured," Doty; "Human Physiology," Raymond; "Elementary Bandaging and Surgical Dressings," Pye; "Nurses' Handbook of Cookery," Worsup; "Notes on Nursing," Florence Nightingale; "Bacteriology and Surgical Technique," Stoney; "A Nurses' Guide," Semi; The Tobey Furniture Co., 1 book case; Burley & Co., 1 electric desk lamp; Auditorium Art Co., 3 framed engravings.

For the Hospital Library : Mrs. S. H. Stern, magazines; Miss Van Schaack, booklets; Mrs. S. C. Payson, books for the children, made by the Ministering Children's League of Christ's Church, Winnetka; Mr. A. C. Slaughter, 1 copy of "Star Fairies;" A. E. McClurg & Co., 1 copy of "Star Fairies;" unknown donor, magazines; Mrs. C. W. Drew, 4 doz. magazines; Mr. Philo Otis, magazines; Mrs. M. M. O'Donoghue, magazines; Union League Club, large donation of magazines; Chicago Club, large donation of magazines; Mr. Leslie Carter, magazines; unknown donor, magazines; Kindergarten College, 1 picture book; Mr. Sherman, magazines; Mrs. Orlando Fish, magazines; Western Paper Stock Co., magazines; Mrs. R. F. Clinch, literature.
